

LADY GREY

Honey sweet and mountain streams
Mixes with the salt from my tears or so it seems
Rushes to the ocean of my memory
Washes over dreams and fears
My past is 20/20, my future is not so clear

Chorus

I realize that this time
I look inside and it feels so real
I looked into your eyes last night
And I feel what you feel

I feel the spring in the air
I realize paradise is not here or there
But somewhere in time
Somewhere in my mind
With you tonight
Turn out the lights

Chorus

To no end summer fall winter spring
And again, it begins again
In our hands we try to hold everything
Eventually mountains crumble to the sea

Chorus

Leaves from an autumn tree fall away
Just before cold winters day
I begin to wonder if it's the Friday of my life
Start having children, take a good wife and begin again

Chorus
