Early Electrification

Cleantech / Microgrids

Living with sensate architecture

Inhabitable interface

Rethinking comfort and convenience

Turning architecture on

Turning architecture off

how ancient a question?

Smart green

embedding intelligence

uncanny anima

adapting socially

historic analogy

two revolutions. long stasis in between

tangible media, spectrum of scales

participating and noticing

making better use

not putting touchscreens on everything

avoiding dystopia

running naturally, unconditioned

healthy downtime

Healthy downtime
