AROUND THE CHASE…

- Brown-outs: please make sure to unplug as much as possible if there is another brown-out. These can apparently be even harder on appliances than can full scale power failures. There has been considerable effort, and there is continuing effort, to work at reducing power outages (with success but even fewer would of course be better). Please read old newsletters for full discussion or ask a board member for details. The efforts taken are far too numerous to print here, again.

- If you are considering the purchase of a generator, please submit a request to the board. If you already have a generator that has not gone through the Board approval process, please let the board know and initiate the process. Generators can be dangerous not only in one’s own home but also to neighbors—it is far better to get approval in advance than to have possibly severe unintended consequences, on the common property or on the property of others, at a later date. Thus, if you have one that has not received approval, please submit your request for a generator now, to PASCO, for Board action. The same analysis applies to pets.

- Golf course—keep an eye on proceedings in the newspaper. A number in HC and nearby have already contacted council people saying that they do not wish to see any sale of golf course lands, either in whole or in part. As consideration on hiring a golf course consultant moves forward, please keep informed so that you have an opportunity to express your own viewpoint well in advance of any decisions.

- See the next page for a beautiful view from the Finks deck! What an extraordinary photo that Irving and Susie took! Have a fine summer and enjoy the beauty of HC! See the website for more photos of Ms. Deer, and ones at finer resolution.
PRESS BOX

Newsletter: Please feel free to contact Board members for full access to archives of the Board including full minutes, attachments, and other documents that may come to the attention of the Board. This newsletter is to be treated as private correspondence, for residents of Huron Chase only. There is a Huron Chase e-mail database; please send an e-mail note to sarhaus@umich.edu if you wish to be added to that database.
