AROUND THE CHASE...

- Spring garage parties saw just slightly less than a total attendance of 100 (with double-counting). It was great to have so many come out. These are fine functions for neighbors to get to know each other in a friendly and convivial setting. Huron Chase is a happy neighborhood. When you co-own property with neighbors, it’s important to get to know them and to have good relations with them. These parties offer one such opportunity. The Board voted to hold another round of garage parties this coming fall, in October.
- The spring walkaround was successful. Results and continuing discussion of the grounds will be a topic of consideration at the next board meeting.
- Pruning of invasive species, such as buckthorn and honeysuckle, will continue at the edge of the floodplain forest. Such pruning is necessary for effective grounds maintenance.
- Items involving individual households are treated on an individual basis and are not subject matter for a newsletter that treats issues in a general matter. Questions about individual issues should be addressed directly to a Board member or to PASCO.
- Pets—Huron Chase has many nice pets. We need to protect ourselves, as well as our well-behaved pets, from those that might misbehave. If you see any behavior that you perceive as threatening (physically, from a public health standpoint, or whatever) please let a Board member know all detail. PASCO sends letters to co-owners when there are reports of pet misbehavior. If those do not solve the problem, then further action will be taken. The Board will not tolerate pet behavior that is perceived as a threat to anyone.
- New projects. If you are considering any sort of alteration of your property, please contact a board member in advance of embarking on the project. They are friendly and are your neighbors. They are also charged with the “greater good” and so will help you to see that the project you might wish to consider does in fact fit in the broader architectural and environmental context of HC (as well as within its ByLaws). It’s far easier to talk in advance than it is after the fact. Most contractors who do work here are familiar with the need to file a site plan to do work and to have the Board and PASCO reflect on its merits. So, please share your good plans well in advance!
- We have a number of new neighbors. It was great to meet some of them at our recent round of garage parties. Please encourage all new folks to get to know everyone. Huron Chase is an extraordinary community filled with talented, multi-faceted folks from all over the world. Welcome to our newest neighbors!
PRESS BOX

Newsletter: Please feel free to contact Board members for full access to archives of the Board including full minutes, attachments, and other documents that may come to the attention of the Board. This newsletter is to be treated as private correspondence, for residents of Huron Chase only. There is a Huron Chase e-mail database; please send an e-mail note to sarhaus@umich.edu if you wish to be added to that database.
