# BATHROOMS

**Policy**

People who would not otherwise be granted admission to this building may NOT enter the building to use the bathrooms.

**Directions to available bathrooms**

Bathrooms available to the public are along the basement corridor (Level 1) of Legal Research and in the basement of Hutchins Hall.

Directions to those bathrooms:

Go up to the landing. Instead of going up the stairs into the Reading Room, veer right, go past the bulletin board to the corridor, and turn left. Opposite the snack bar, the women's room is on the left; down a little further on the right in the alcove area is the men's room.

To reach the bathrooms in the basement of Hutchins Hall continue on, go down the ramp and follow the corridor around.

**Handouts**

We have a map handout available (see below). If you need copies, leave Jacob a note, and he will replenish the supply.

**Other Options**

If for some reason no bathrooms are available in the open areas of the Legal Research Building, people will have to go elsewhere on campus to use a bathroom. Suggestions: The Harlan Hatcher General Library or the Undergraduate Library (both are right across S. University) or the Michigan Union at State and S. University.
