Comment

Designed for light blue Aida cloth.

Use two strands of DMC floss for the cross stitching.

Use a single strand of DMC floss for backstitching. All backstitching is black floss (#310) with exception of the whitecaps on the water (single thread of BLANC).

Designed by Corey Seeman (cseeman@umich.edu) using the KG-Chart software package. This is hopefully the first in a series of Michigan lighthouses that I will design cross-stitch patterns for.

This maybe distributed freely.

For more information on the software, please visit <http://iktsoft.com/works/kgchart/kgchart-e.php>.

KG-Chart is excellent freeware software to help design your own Cross Stitch Patterns or convert imported photos.
