Progress in Open Source, Open Content, and Open Services

- What are the successes of open initiatives in education so far and what is coming next?
- What business models are working and why?
- What is the practical role that Service Oriented Architectures will play if any?

Progress in Open Source, Open Content, and Open Services

- Where do we want to be one year, three years, etc. from now?
- What role do open standards play in impacting open initiatives?
- What projects will be leading the way? Why? and what can we learn?
