The Mankon Forum Scholarship Initiative (MFSI) concludes another highly successful year. Highlights for 2011 included a visit to Cameroon with the MFSI scholars as well as head teachers of the primary schools in Mankon. MFSI maintained its steady activities and recruited 10 new scholars into the MFSI scholars family. This year, MFSI also concluded 5 years of existence and is actively recruiting its fifth class. Currently MFSI has 37 scholars: 10 in Form 4, 9 in Form 3, 8 in Form 2 and 10 in Form 1. Since conception, MFSI has had a drop out of 3 scholars secondary to health and disciplinary concerns at GBHS Mankon. We continue to have an excellent relationship with the administration of GBHS Mankon and our scholars continue to give a very positive review of their experience.

Launching 2011 in style, MFSI was graced with the visits of its chairman and Secretary General to the field in solidifying our networks. Dr. Fausta Ditah and Ms. Swirri Abanda (Chairman and Secretary General of MFSI respectively) in coordination with the administration at GBHS Mankon and our home based coordinators, paid a maiden visit with our scholars in their educational environment. During our on campus visit, we met school administrators as well as every MFSI scholar. MFSI representatives were both amazed and humbled at the excitement shown by our scholars. More importantly, they were able to see what a difference their scholarships made to these future leaders of our community. MFSI scholars eloquently sent best wishes to all their generous donors. Dr. Ditah and Ms. Abanda also spent personal time meeting with the then Principal of GBHS Mankon as well as the Vice Principal. We spent several hours interacting with our program coordinators at different levels on campus in an attempt to smooth and solidify our partnership. In all, this was very constructive. For further relationship building, our delegation met with head teachers of multiple primary schools hosted at GS Mbingfibieh.

Thanks to the abled leadership of our home based coordinators, Mr. Chi Ivo Fru and Mr. Abanda, our schedule was smooth and our activities appeared effortless. Our discussions were very fruitful and we hope to maintain this networking.

Returning to the mission and vision of MFSI, we successfully launched the 2011 scholarship season in November 2010. In all, we received over 120 completed applications by our deadline. After common entrance results were made available, MFSI was able to process its application pool and recruited some fine 10 scholars to
Supporting the academically sound but financially handicapped children of Mankon
by way of education and scholarship

join the program. Multiple interviews and appointments were held with our home
based coordinators and our selected scholars eventually signed their letters of offer. In
August 2011, the marquee 2011 scholarship ceremony was organized and hosted at the
Mankon community Center at Ntingkag, Mankon. Attendance was heavy and
atmosphere very promising. In September, scholars excitedly started coursework at
GBHS Mankon and reports have been positive. In executing our community service
expectations, MFSI scholars came together and cleaned the Mankon community
service center at Ntingkag, Mankon.

Financially, MFSI provided Two Million Francs in direct scholarships to our scholars
during the August award ceremony. Tuitions were all completely paid, all note books
purchased and essential textbooks provided. MFSI also spent 200,000 frs CFA during
the year in relationship building, running the home based affairs of MFSI,
strengthening our partnership at GBHS Mankon as well as the primary schools in
Mankon and organizing the 2011 ceremony. Fund raising in 2011 was slow to come in.
However, thanks to the generous contributions from the MFSI leadership, the Mankon
Forum Scholarship Initiative was able to fulfill its financial obligations. For details on
MFSI finances, please contact us. To view to list of MFSI donors over the years, please
visit us on the web. In 2009, MFSI adopted a policy of naming its scholars in honor of
our generous donors. To learn more about this policy, please visit us on the web.

In propelling MFSI to the position it rightfully deserves, Mr. Anye Monday has
transformed MFSI into the musical world. He did produce 5 recordings in recognition
of MFSI, its mission and vision in shaping the future leaders of Mankon. We hope our
community will assist us in bringing quality products to the Market in this effort by
Mr. Anye Monday.

In recognition of the contributions MFSI and its leadership is making at shaping
tomorrow's future, we received multiple awards. At the University of Michigan, Dr.
Ditah was given a service award in recognition of his domestic and internation efforts
as chairman of MFSI. At the 2011 MACUDA-A annual jamboree in Maryland, MFSI
through its chairman was also recognized with a community plaque that recognizes the
efforts of MFSI in shaping tomorrow's leaders. To continue the theme of community
service, Dr. Ditah received a Wall Clock plattered with glittering colors with his name
embroidered on it in recognition of his relentless efforts in the community both at
home and abroad. Dr. Ditah had been a regular guest speaker in Michigan. In June
2011, he was invited to speak to the Children of African Descent on Drugs and Drug
Prevention. An event that was tauted as highly successful.

Looking forward, MFSI and its leadership will continue to build its relationships
within the USA and globally. We anticipate more challenges in 2012. But we recognize
that our mission and vision will not be accomplished overnight. Having been in
MFSI is a group comprised of sons, daughters and well wishers of Mankon that seek to encourage education
through scholarship and academic support. We are a non political, non denominational, not for profit
organization and every individual who meets the requirements for consideration cannot be disqualified on the basis
of gender, sexual orientation, educational institution, race, religion or political affiliation.

existence for 5 years, MFSI is determined to leap into the leap year with optimism and a new dimension for success. To this respect, I leave you with requests for two favors:

1. We invite you to support the efforts of MFSI generously. Write a check and send to us. If you will like to deposit into the coffers of MFSI directly, we will also invite you to do so.

2. Call a member of MFSI, call a board of director member, and learn how you can be involved in shaping MFSI going forward.

As we roll into 2012, MFSI cannot be more excited. We are primely position to shape the future leaders of Mankon. Our focus at the moment is the recruitment of the Class of 2012. Applications are currently in the field and will soon be back in office of MFSI. We anticipate scholarship results will be released and published by July 15th 2012 with scholarship ceremony slated for August 2012. Our community service and leadership division will be kicking into full gear as well. Our planning committee has been hard at work and I expect nothing short from excellence when their plan of action is revealed. Stay tuned.

Finally, permit us use this opportunity to thank you for your generous donations of money, time and intellect for the execution of the mission and vision of MFSI. As your leaders, our job is made simpler by having abled support and motivation from many of you. We, the MFSI board of directors would want to take this opportunity to wish you well in 2012 and beyond. We pledge our service to you and promise to deliver. We thank you for the trust bestowed in our leadership.
