I went to James' discussion (I've been to Madeline's office hours, and she was great!).

Date Printed: 3/26/2019 18:07:07 PM

James’ was an excellent GSI and really cared about our overall success. He had us use name cards on the first day so that he could get to know our names, which I really appreciated. It is more often than not that you feel like a little fish in a huge pond at this University, especially in Computer Science.
