MAZAL TOV

Thanks to the actions of Henry Herskovitz, over $100,000 has been raised for Magen David Adom, Israel’s Red Cross organization. Henry’s presence every Saturday, haranguing worshippers as they enter their synagogue on the Sabbath, provides the impetus for members in our community and beyond to donate money for each person who stands with him. For about five years, Henry has been there on the sidewalk holding anti-Jewish, anti-Israel posters and signs as worshippers walk into the synagogue to pray on the Sabbath day.

Thanks Henry, for raising money for Israel. The Israeli people thank you. Your distasteful actions have inspired the Jewish community and the larger community to support Israel; even after being condemned by the Ann Arbor City Council, many of the local churches and the Ann Arbor News, you kept it up with no shame or humility. If these actions continue, we can surely count on continued donations to Israel. So, thank you Henry, for helping raise awareness, support and money for Israel.

Please continue to support the effort to raise much needed funds to help Magen David Adom continue their mission to save lives in Israel, and to continue to send Henry the message that we as a community reject his message, his method, and him.
