**Boldface clues** refer to material from the July/August issue. It's online at [www.agenda2.org](http://www.agenda2.org) for reference. Page numbers for that issue are in [brackets].

We received five correct solutions to our very first puzzle in the July/August issue ... heartening given its size & its no-advance-warning reliance on the May/June issue.

Congratulations to **Laura Bollettino** of Ann Arbor, whose skill & luck earns an easy \$25 and a gift subscription, which she bestows upon a "deserving" **Sen. Spencer Abraham**. Happy reading, Spence!

Good grids get good odds to get the goods.

Hang on to this issue of AGENDA so you can more easily solve October's puzzle!
