

# MARK NEWMAN

Anatol Rapoport Distinguished University Professor of Physics  
Department of Physics and Center for the Study of Complex Systems

University of Michigan  
450 Church Street  
Ann Arbor, MI 48109–1040.

Phone: (734) 764–4437  
Fax: (734) 764–6843  
Email: mejn@umich.edu

---

## Education

1988 B.A., physics, University of Oxford  
1991 Ph.D., physics, Department of Theoretical Physics, University of Oxford

## Employment

1991–1994 Postdoctoral fellow, Department of Physics, Cornell University  
1994–1996 Research Associate, Cornell Theory Center, Cornell University  
1996–1998 Postdoctoral fellow, Santa Fe Institute  
1998–2002 Research Professor, Santa Fe Institute  
2002–2005 Assistant Professor, Department of Physics, University of Michigan  
2005–2007 Associate Professor, Department of Physics, University of Michigan  
2007–present Full Professor, Department of Physics, University of Michigan  
2008–2015 Paul Dirac Collegiate Professor of Physics, University of Michigan  
2015–present Anatol Rapoport Distinguished University Professor of Physics, University of Michigan

## Visiting positions

2000 Visiting Professor, Center for Applied Mathematics, Cornell University  
2002–present External Faculty member, Santa Fe Institute  
2008 Visiting Professor, McCormick School of Engineering, Northwestern University  
2008–2009 Visiting Professor, Santa Fe Institute  
2016 Visiting Professor, Rudolf Peierls Centre for Theoretical Physics, University of Oxford  
2016 Visiting Professor, Isaac Newton Institute for Mathematical Sciences, University of Cambridge

---

## Recent funded research

2014–2017 National Science Foundation, \$265,000: Large-scale structure in complex networks  
2012–2016 Defense Advanced Research Projects Agency, \$2.9 million: Statistical inference for detecting structures and anomalies in networks  
2011–2014 National Science Foundation, \$320,000: Large-scale structure in complex networks  
2009–2011 James S. McDonnell Foundation, \$417,576: Statistical inference and machine learning for complex networks  
2008–2011 National Science Foundation, \$150,000: The structure and dynamics of social networks and other networked systems

2004–2007	National Science Foundation, \$268,421: The structure and dynamics of social networks and other networked systems
2002–2008	James S. McDonnell Foundation, \$408,000: Networks and contagion among computers and people
2001–2004	National Science Foundation, \$144,236: The structure and dynamics of social networks and other networked systems

### **Awards and honors**

2016	John S. Guggenheim Fellowship
2016	Simons Fellow in Theoretical Physics
2014	Winner, 2014 Lagrange Prize
2014	Fellow of the American Association for the Advancement of Science
2014	Top 1% Highest Cited Physicists in the world, Thomson-Reuters Science Citation Index
2013	Senior Fellow, Michigan Society of Fellows
2012	Excellence in Education Award, University of Michigan
2011	Faculty Recognition Award, University of Michigan
2010	Ulam Distinguished Lecturer, Santa Fe Institute
2010	Sunbelt Networks Conference Citation Award
2008	Gold Prize of the Geographic Association for <i>The Atlas of the Real World</i>
2007	Fellow of the American Physical Society
2004	Robert D. and Janet E. Neary Research Award, University of Michigan
2003	Harold C. Earley Faculty Research Award, University of Michigan
1992	NATO Fellow
1991	Lindemann Trust Fellow

### **Current and former students and postdocs**

Michelle Girvan, Ph.D. 2003 (now Full Professor, University of Maryland)  
 Petter Holme, Postdoc, 2005–2006 (Associate Professor, Umeå University, Sweden)  
 Michael Gastner, Ph.D. 2005 (Assistant Professor, University of Bristol, UK)  
 Juyong Park, Ph.D. 2006 (Assistant Professor, KAIST, South Korea)  
 Elizabeth Leicht, Ph.D. 2008 (Research division, Facebook Corporation)  
 Gourab Ghoshal, Ph.D. 2009 (Assistant Professor, University of Rochester)  
 Bethany Percha, M.P.H. 2010 (Ph.D. candidate, Stanford University)  
 Brian Karrer, Ph.D. 2011 (Research division, Facebook Corporation)  
 Brian Ball, Ph.D. 2014 (Dotomi Inc.)  
 Travis Martin, Ph.D. 2016 (Google Inc.)  
 Maria Riolo, Postdoc  
 Xiao Zhang, Ph.D. candidate  
 George Cantwell, pre-candidate

### **Service and administration**

2015–2016	Faculty search committee, Michigan Complex Systems
2014–2015	Faculty search committee, Michigan Complex Systems
2014–2015	Graduate admissions committee, Michigan Physics
2014	Faculty Recognition Awards committee, University of Michigan
2013–2014	Faculty search committee, Michigan Complex Systems

2013–2014	Colloquium organizer, Michigan Physics
2013	International Conference on Network Science (NetSci 2013), program committee
2013	Faculty Recognition Awards committee, University of Michigan
2013	European Physical Society Outstanding Referee
2013	Faculty Greivance Board, University of Michigan
2012	Faculty Recognition Awards committee, University of Michigan
2012–2013	Faculty search committee, Michigan Complex Systems
2012–2013	Faculty search committee, Michigan Physics
2012–2013	Third Century Initiative steering committee, University of Michigan
2011	Santa Fe Institute Complex Systems Summer School, co-organizer
2011–present	Northwestern University NSF program on complex networks, advisory board
2010–2011	SIAM Mathematics Awareness Month, organizing committee
2010–2011	Long-range planning committee, Michigan Physics
2010–2011	IT committee, Michigan Physics
2010–present	International Faculty Advisor, University of Michigan
2009–2014	Santa Fe Institute Science Board
2009–2010	Editorial committee, Michigan Physics
2008–present	Guest editor, <i>Proceedings of the National Academy of Sciences</i>
2008–2009	Graduate qualifying exam committee, Michigan Physics
2008	American Physical Society Outstanding Referee
2008	NSF panel on Foundations for Complex Systems Research in the Physical Sciences
2007–2008	Departmental Executive Committee, Michigan Physics
2007–2008	Faculty search committee, Michigan Physics
2007–2008	Graduate qualifying exam committee, Michigan Physics
2007–present	Oxford University Complexity Centre, international advisory board
2005–2006	Faculty search committee (chair), Michigan Physics
2005–2006	Faculty search committee (chair), Michigan Complex Systems
2005–2006	Graduate qualifying exam committee, Michigan Physics
2005–2006	Undergraduate concerns committee, Michigan Physics
2005–2006	Computing committee, Michigan Physics
2004–2005	Graduate qualifying exam committee, Michigan Physics
2003–2004	Graduate qualifying exam committee, Michigan Physics
2002–2003	Condensed matter seminar organizer, Michigan Physics
	Regular tenure and promotion panels

**Refereeing:** American Physical Society Outstanding Referee 2008, European Physical Society Distinguished Referee 2013

Referee for *Nature*, *Nature Physics*, *Science*, *Proceedings of the National Academy*, *Physical Review Letters*, *Physical Review B*, *Physical Review E*, *Physical Review X*, *Proceedings of the Royal Society*, *Journal of the Royal Society Interface*, *Journal of Statistical Physics*, *Journal of Statistical Mechanics*, *Physica A*, *Physica D*, *Europhysics Letters*, *European Physical Journal B*, *Journal of Physics A*, *Physics Letters A*, *International Journal of Modern Physics C*, *American Journal of Physics*, *Journal of Complex Networks*, *Advances in Complex Systems*, *Complexity*, *PLOS Computational Biology*, *Scientific Reports*, *PLOS One*, *Journal of Theoretical Biology*, *Chaos*, *Physics Reports*, *Reviews of Modern Physics*, *Social Networks*.

## Teaching

Course	Title	Institution	Year
Physics 406	Statistical and Thermal Physics	University of Michigan	2002
Physics 406	Statistical and Thermal Physics	University of Michigan	2003
Complex Systems 535	Network Science	University of Michigan	2004
Physics 406	Statistical and Thermal Physics	University of Michigan	2004
Complex Systems 535	Network Science	University of Michigan	2005
Complex Systems 511	Theory of Complex Systems	University of Michigan	2006
Physics 406	Statistical and Thermal Physics	University of Michigan	2007
Complex Systems 511	Theory of Complex Systems	University of Michigan	2007
Physics 390	Introduction to Modern Physics	University of Michigan	2008
Complex Systems 535	Network Science	University of Michigan	2009
Physics 390	Introduction to Modern Physics	University of Michigan	2010
Complex Systems 535	Network Science	University of Michigan	2010
Physics 411	Computational Physics	University of Michigan	2011
Complex Systems 535	Network Science	University of Michigan	2011
Physics 411	Computational Physics	University of Michigan	2012
Complex Systems 535	Network Science	University of Michigan	2012
Physics 411	Computational Physics	University of Michigan	2013
Complex Systems 535	Network Science	University of Michigan	2013
Physics 411	Computational Physics	University of Michigan	2014
Complex Systems 535	Network Science	University of Michigan	2014
Physics 390	Introduction to Modern Physics	University of Michigan	2015
Complex Systems 535	Network Science	University of Michigan	2015

Also: Santa Fe Institute Complex Systems Summer School, Santa Fe, New Mexico, Summer 1996, 1998, 2001, 2002, 2003, 2004, 2005, 2006, 2007, 2008, 2011, 2012, and 2015 as well as occasional other schools

## Thesis committees

Name	Subject	Role	Graduation date
Jaeil Kim	Physics	Member	Winter 2002
Christopher Warren	Physics	Member	Summer 2003
Brett Pearson	Physics	Member	Winter 2004
Michael Gastner	Physics	Chair	Fall 2005
Han Peters	Mathematics	Cognate	Summer 2005
Sudin Bhattacharya	Mechanical Engineering	Member	Summer 2006
Juyong Park	Physics	Chair	Summer 2006
Dongxiao Zhu	Bioinformatics	Member	Summer 2006
Gunes Erkan	Computer Science	Cognate	Summer 2007
Daimian Wang	Physics	Member	Winter 2007
Elizabeth Leicht	Physics	Chair	Summer 2008
Althea Moorhead	Physics	Member	Summer 2008
Sarah Feldt	Physics	Member	Summer 2009
Gourab Ghoshal	Physics	Chair	Fall 2009
Kevin Haworth	Applied Physics	Member	Winter 2009

Jong-Hoon Kim	Epidemiology	Member	Fall 2009
Eva-Marie Proszkow	Physics	Member	Summer 2009
Christopher Henry	Epidemiology	Member	Winter 2010
Casey Schneider-Mizell	Physics	Member	Summer 2010
Jane Wang	Applied Physics	Member	Fall 2010
David Adams	Physics	Member	Winter 2011
Eytan Bakshy	School of Information	Cognate	Fall 2011
Shanna Shaked	Applied Physics	Member	Winter 2011
Justin Gillespie	Naval Architecture	Cognate	Winter 2012
Brian Karrer	Physics	Chair	Winter 2012
Kevin Xu	Electrical Engineering	Cognate	Summer 2012
Li Zhang	Physics	Member	Fall 2012
Yunpeng Zhao	Statistics	Cognate	Summer 2012
Navid Dianati	Physics	Member	Winter 2013
Yen Ting Lin	Physics	Member	Summer 2013
Brian Ball	Physics	Chair	Summer 2014
Morgan Parker	Naval Architecture	Cognate	Summer 2014
Maria Riolo	Applied Mathematics	Member	Fall 2014
Adam Sypniewski	Physics	Member	Winter 2014
Daniel Wilcox	Physics	Member	Winter 2015
Pablo Damasceno	Chemical Engineering	Cognate	Summer 2015
Jieshi Fang	Civil Engineering	Cognate	Summer 2015
Travis Martin	Computer Science	Co-chair	Summer 2016

## **Presentations**

### **Invited conference presentations:**

1. Symposium on Spatial Networks, University of Oxford, September 7-8, 2016, invited speaker
2. Workshop on Statistical Network Analysis, Isaac Newton Institute, Cambridge University, July 11-15, 2016, invited speaker
3. Workshop on Cultural Patterns: Multiscale Data-driven Models, Institute for Pure and Applied Mathematics, UCLA, Los Angeles, California, May 9-13, 2016, invited speaker
4. Inference on Networks, Santa Fe Institute workshop, Santa Fe, New Mexico, December 14–18, 2015, invited speaker
5. Complex Systems Summer School, Santa Fe, New Mexico, June 2015, principal lecturer
6. International Conference on Social Computing, Behavioral Modeling, and Prediction, Washington, DC, March 31–April 3, 2015, keynote speaker
7. 6th Workshop on Complex Networks (CompleNet 2015), New York City, March 25–27, 2015, keynote speaker
8. Conference on Complexity Science, Brighton, UK, August 19–22, 2014, keynote speaker
9. Conference on Computational Physics (CCP 2014), Boston, Mass., August 11–14, 2014, invited speaker
10. International Conference on Network Science (NetSci 2014), Berkeley, California, June 2–6, 2014, invited speaker
11. Cambridge Networks Day, Cambridge University, UK, May 23, 2014, keynote speaker
12. 111th Rutgers Statistical Mechanics Meeting, New Brunswick, New Jersey, May 11-13, 2014, invited speaker

13. Santa Fe Institute Annual Science Symposium, Santa Fe, New Mexico, May 2, 2014, invited speaker
14. Statistical Mechanics Foundations of Complexity, Santa Fe Institute, May 8–10, 2014, invited speaker
15. American Physical Society March Meeting, Denver, Colorado, March 3–7, 2014, invited speaker
16. Neural Information Processing Systems (NIPS 2013), Lake Tahoe, Nevada, December 5–10, 2013, invited speaker
17. DIMACS Workshop on Statistical Analysis of Network Dynamics and Interactions, Rutgers University, New Jersey, November 7–8, 2013, keynote speaker
18. Deep Computation in Statistical Physics, Santa Fe, New Mexico, August 1–3, 2013, invited speaker
19. Structure, Statistical Inference, and Dynamics in Networks, Santa Fe, New Mexico, May 6–9, 2013, invited speaker
20. Dynamics Days, Denver Colorado, January 3–6, 2013, invited speaker
21. Lawrence Livermore Workshop on Current Challenges in Computing, Napa, CA, August 27–29, 2012, invited speaker
22. Complex Systems Summer School, Santa Fe, New Mexico, June 2012, principal lecturer
23. 12th Experimental Chaos and Complexity Conference, Ann Arbor, Michigan, May 16–19, 2012, invited speaker
24. International Conference on Complex Systems, Boston, Massachusetts, June 26 to July 1, 2011, plenary speaker
25. 4th Annual Political Networks Conference, Ann Arbor, Michigan, June 14–18, 2011, plenary speaker
26. Complex Systems Summer School, Santa Fe, New Mexico, June 2011, co-organizer and lecturer
27. Conference on Computation as a Lens on the Sciences, Berkeley, California, May 7 and 8, 2011, invited speaker
28. Conference on Complex Systems, Northwestern University, Evanston, Illinois, March 6 and 7, 2011, keynote speaker
29. Conference on Statistics of Networks, SAMSI, North Carolina, August 29–September 1, 2010, invited speaker
30. Workshop on Statistics of Networks, Isaac Newton Institute, Cambridge, England, June 24–25, 2010, invited speaker
31. Workshop on Information, Networks, and Markets, Cambridge, England, June 22, 2010, invited speaker
32. International Conference on Network Science, Cambridge, Massachusetts, May 11–14, 2010, keynote speaker
33. American Physical Society March Meeting, Portland, Oregon, March 15–19, 2010, invited speaker
34. 2010 Berkeley Statistical Mechanics Meeting, University of California, Berkeley January 8–10, 2010, invited speaker
35. 2009 INFORMS Marketing Science Conference, University of Michigan, June 4–6, 2009, invited speaker
36. Society of Industrial and Applied Mathematics Front Range Conference, Denver, Colorado, March 14, 2009, keynote speaker

37. 100th Rutgers Statistical Mechanics meeting, New Brunswick, New Jersey, December 13–18, 2008, invited speaker
38. Workshop on Statistical Inference for Complex Networks, Santa Fe, New Mexico, December 3–5, 2008, invited speaker
39. Workshop on Advances in Theory of Networks and Strategic Interaction, Northwestern University, Evanston, October 3–4, 2008, invited speaker
40. Annual Meeting of the Association for the Advancement of Artificial Intelligence (AAAI 2008), Chicago, July 14–18, 2008, invited speaker
41. Annual Meeting of the Society for Industrial and Applied Mathematics (SIAM), San Diego, California, July 7–11, 2008, plenary speaker
42. International Conference on Network Science (NetSci 2008), Norwich, England, June 23–27, 2008, plenary speaker
43. Complex Systems Summer School, Santa Fe, New Mexico, June 2008, principal lecturer
44. European Conference on Complex Systems, Dresden, Germany, October 1–5, 2007, keynote speaker
45. 23rd International Conference on Statistical Physics (STATPHYS 23), Genoa, Italy, July 9–13, 2007, invited speaker
46. Conference on Complex Networks: From biology to information technology, Sardinia, Italy, July 2–6, 2007, invited speaker
47. Complex Systems Summer School, Santa Fe, New Mexico, June 2007, principal lecturer
48. International Conference on Network Science, New York City, May 21–24, 2007, invited speaker
49. Workshop on Random and Dynamic Graphs and Networks, Institute for Pure and Applied Mathematics, UCLA, Los Angeles, California, May 7–11, 2007, invited speaker
50. John Wiley Jones Distinguished Lecture in Science, Rochester Institute of Technology, May 30, 2007
51. British Applied Mathematics Colloquium, Bristol, England, April 17–19, 2007, plenary speaker
52. Workshop on Complex Networks and their Applications, Georgia Institute of Technology, Atlanta, Georgia, January 22–24, 2007, plenary speaker
53. École d’Été de Physique Théorique, Les Houches, France, July 3–7, 2006, invited lecturer
54. Summer School on Complex Networks, Bristol, England, July 10–14, 2006, invited lecturer
55. Conference on Optimization in Complex Networks, Los Alamos National Laboratory, New Mexico, June 19–22, 2006, invited speaker
56. Complex Systems Summer School, Santa Fe, New Mexico, June 2006, principal lecturer
57. International Conference on Network Science, Spencer, Indiana, May 22–25, 2006, invited speaker
58. March Meeting of the American Physical Society, Baltimore, March 13–17, 2006, invited speaker
59. Workshop on Statistics on Networks, National Academy of Sciences, Washington, DC, September 26–27, 2005, invited speaker
60. Workshop on Mathematical Epidemiology, Banff International Research Station, Banff, Canada, August 21–24, 2005, invited speaker
61. Santa Fe Institute Public Lecture, Santa Fe, New Mexico, June 15, 2005
62. Complex Systems Summer School, Santa Fe, New Mexico, June 2005, principal lecturer

63. Conference on Models of Real-World Random Networks, University of California, Berkeley, April 18–22, 2005, invited speaker
64. Conference on Network Science: Implications for Biology and Medicine, University of British Columbia, Vancouver, Canada, January 19-22, 2005, keynote speaker
65. Conference on Complex Systems, Northwestern University, Evanston, Illinois, October 29 and 30, 2004, invited speaker
66. Intel Corporation, Forum and Workshop on Modeling Complexity, October 5–6, 2004, keynote speaker
67. 13th Annual Conference on Computational Analysis of Social and Organizational Systems, Pittsburgh, Pennsylvania, June 27-29, 2004, keynote speaker
68. Complex Systems Summer School, Santa Fe, New Mexico, June 2004, invited lecturer
69. Rutgers Statistical Mechanics Meeting, Piscataway, New Jersey, May 16–18, 2004, invited speaker
70. March Meeting of the American Physical Society, Montreal, March 22–26, 2004, invited speaker
71. Annual Meeting of the American Association for the Advancement of Science, Seattle, February 12–16, 2004, invited speaker
72. Workshop on Networks and the Population Dynamics of Disease Transmission, Institute for Mathematics and its Applications, University of Minnesota, Minneapolis, November 17–21, 2003, invited speaker
73. Conference on Discrete Models for Complex Systems, Lyon, France, June 16–19, 2003, invited speaker
74. SIAM Conference on Applications of Dynamical Systems, Snowbird, Utah, May 27–31, 2003, invited speaker
75. CNLS Conference on Networks: Structure, Dynamics and Function, Santa Fe, May 11–16, 2003, invited speaker
76. National Academy Arthur M. Sackler Colloquium, Irvine, May 9–11, 2003, invited speaker
77. DIMACS meeting on Spatio-Temporal and Network Modeling of Diseases, Rutgers University, April 22–26, 2003, invited speaker
78. Annual Meeting of the American Mathematical Society, Baltimore, January 13–17, 2003, invited speaker
79. Fifteenth International Symposium on Mathematical Theory of Networks and Systems, University of Notre Dame, South Bend, August 12–16, 2002, invited speaker
80. NEC Lectures on Biophysics, Princeton, June 16–20, 2002, invited lecturer
81. Sitges Conference on Statistical Mechanics, Barcelona, Spain, June 10–14, 2002, invited speaker
82. March Meeting of the American Physical Society, Indianapolis, March 18–22, 2002, invited speaker
83. Berkeley Statistical Mechanics Meeting, UC Berkeley, January 11–13, 2002, invited speaker
84. Conference on Computational Physics, Aachen, Germany, September 5–8, 2001, plenary speaker
85. European Physical Society International Conference on Dynamical Networks in Complex Systems, Kiel, Germany, July 25–27, 2001, invited speaker
86. Summer School on Complex Systems, Central European University, Budapest, Hungary, July 16–20, 2001, principal lecturer

87. Gordon Conference on Nonlinear Science, Mount Holyoke, Massachusetts, June 17–22, 2001, invited speaker
88. SIAM Conference on Applications of Dynamical Systems, Snowbird, Utah, May 20–24, 2001, invited speaker
89. DARPA Principal Investigators Meeting, Santa Fe, April 17 and 18, 2001, keynote speaker
90. National Academy Arthur M. Sackler Colloquium, Irvine, March 23 and 24, 2001, invited speaker

**Seminars and colloquia:**

1. Cambridge University, Mathematical Sciences seminar, September 15, 2016
2. Turing Lecture, Alan Turing Institute, London, March 2, 2016
3. Royal Statistical Society, London, February 10, 2016, invited speaker
4. Oxford University, Distinguished Seminar in Statistics, March 11, 2016
5. Oxford University, Physics Colloquium, February 12, 2016
6. Oxford University, Mathematics Colloquium, January 29, 2016
7. Sandia Distinguished Lecture, Sandia National Laboratory, Albuquerque, New Mexico, June 25, 2015
8. Washington University, St. Louis, Physics colloquium, October 16, 2014
9. Harvard University, School of Engineering and Applied Sciences colloquium, October 6, 2014
10. University of Pittsburgh, Mathematics colloquium, September 26, 2014
11. University of Pittsburgh, Department of Mathematics, Theme Semester on Discrete Networks, invited lecturer, September 24-26, 2014
12. Ohio State University, Physics colloquium, August 26, 2014
13. UCLA, IPAM seminar, June 6, 2014
14. UCLA, Physics colloquium, June 5, 2014
15. Northwestern University, Institute on Complex System seminar, March 12, 2014
16. Stanford University, Physics colloquium, February 11, 2014
17. Harvard University, Badger Lecture in Network Medicine, November 19, 2013
18. Massachusetts Institute of Technology, Information and Decision Systems seminar, November 19, 2013
19. Center for Complex Network Research, Northeastern University, seminar, May 1, 2013
20. Boston University, Physics colloquium, April 30, 2013
21. Distinguished Lecture on Scientific Computing, Simon Fraser University, March 15, 2013
22. Center for Studies in Physics and Biology, Rockefeller University, seminar, October 8, 2012
23. Stony Brook University, Physics colloquium, March 20, 2012
24. Hitachi Distinguished Lecture, University of Oklahoma, November 11, 2011
25. Oxford University, Theoretical physics colloquium, October 14, 2011
26. Ockham Lecture, Oxford University, October 16, 2011
27. University of Chicago, Computation Institute seminar, April 4, 2011

28. Case Western Reserve University, Biomathematics seminar, March 25, 2011
29. Florida State University, Mathematics colloquium, January 28, 2011
30. Florida State University, Physics colloquium, January 27, 2011
31. Indiana University, Cognitive Science colloquium, November 8, 2010
32. University of Massachusetts, Amherst, Physics colloquium, October 6, 2010
33. Center for Computational Molecular Biology, University of Michigan, colloquium, September 29, 2010
34. Ulam Lectures, Santa Fe Institute (series of three lectures), September 14–16, 2010
35. University of Colorado, Boulder, Mathematics colloquium, March 13, 2009
36. Distinguished Lecture on Network Science, Pennsylvania State University, State College, Pennsylvania, January 14, 2009
37. 2008 NICO Distinguished Lecture, Northwestern University, Evanston, October 13, 2008
38. NSF ADVANCE Distinguished Lecture, Kansas State University, Manhattan, Kansas, September 4, 2008
39. Toyota Technological Institute at Chicago, seminar, November 9, 2007
40. Harvard University Medical School, seminar, November 16, 2006
41. University of Notre Dame, Condensed Matter seminar, October 27, 2006
42. Harvard University, Radcliffe Seminar, October 20, 2006
43. Northwestern University, Engineering Science and Applied Mathematics colloquium, October 16, 2006
44. Emory University, Physics colloquium, September 22, 2006
45. Santa Fe Institute, seminar, June 20, 2006
46. MIT, EECS seminar, May 11, 2006
47. Harvard University, Dana Farber Cancer Institute, Systems Biology seminar, April 27, 2006
48. Virginia Tech Corporate Research Center, April 10, 2006
49. Northwestern University, Industrial Engineering and Management Sciences seminar, April 7, 2006
50. University of Michigan, School of Information, STIET seminar, February 23, 2006
51. University of Rochester, Physics colloquium, February 22, 2006
52. William and Mary College, Physics colloquium, November 11, 2005
53. Cornell University, Applied Mathematics seminar, October 28, 2005
54. Perimeter Institute, Waterloo, Ontario, Institute colloquium, September 21, 2005
55. Harvard University, School of Public Health, seminar, May 2, 2005
56. Google Corporation, April 20, 2006
57. Indiana University, Complex Systems seminar, April 18, 2005
58. Princeton University, Ecology and Evolutionary Biology seminar, November 29, 2004
59. Syracuse University, Physics Colloquium, November 11, 2004
60. University of Maryland, Physics colloquium, November 9, 2004

61. NYU Stern School of Business, Information Systems seminar, October 14, 2004
62. University of Illinois, Urbana-Champaign, Physics colloquium, September 23, 2004
63. University of Oxford, Complex Systems seminar, May 11, 2004
64. Umeå University, Sweden, Physics seminar, May 6, 2004
65. Michigan State University, "Science on the Edge" seminar, April 30, 2004
66. University of Delaware, Mathematical Sciences colloquium, April 27, 2004
67. Georgia Tech, Applied Mathematics seminar, April 2, 2004
68. Harvard University, Kennedy School of Government, Colloquium on Complexity and Social Networks, March 15, 2004
69. Northwestern University, Engineering Science and Applied Mathematics colloquium, March 12, 2004
70. Microsoft Research, Theory Group seminar, February 13, 2004
71. Johns Hopkins University, Applied Mathematics and Statistics seminar, February 5, 2004
72. Wayne State University, Physics colloquium, January 22, 2004
