Chart Patterns

★ Tripod

You have the planetary pattern known as the 'tripod' shape. With your planets divided into three distinct groups, your personality tends to exhibit a considerable degree of self-sufficiency. You have the same characteristics as a Grand Trine personality type. There is a strong astrological element in your chart, which is at your disposal, either Fire, Earth, Air or Water, depending on the element where your planets are concentrated.

Important Features

Jupiter in Taurus (21 Taurus 04)
Jupiter in the Tenth House

Jupiter in the Tenth House (or sign) gives a serious and conscientious personality who is also very practical. You tend to be extremely careful with money, are a good manager, and have a strong drive to achieve success. You have a talent for working with the public. You can also be somewhat miserly with your affection. You can have problems with material well being (especially if there are challenging aspects to Jupiter in your chart). You may be too cautious and thrifty for your own good, and could benefit from striving to be more generous.

Jupiter in Taurus (or the second house) gives a person who has an appreciation of their home environment and the material side of existence. You are likely to possess luxuries and the good things of life. You are sensual and practical, and have a gift for making money. You are also fond of good food and your waistline may tend to expand. You rarely take chances, and are so secure in your material well-being that you seem not to emphasize this factor, being more interested in personal and cultural values.

Neptune in Scorpio (19 Scorpio 56R)
Neptune in the Fourth House

Neptune in the Fourth House (or sign) gives an emotionally sensitive and loving personality. You have powerful psychic tendencies. You were strongly influenced by your home life, and may tend to idealize these formative experiences. You may have suffered by being let down by the same-sex parent, or there may have been an unsettled home life leading to deep-rooted feelings of insecurity. Your home is important to you, and you may change residences frequently in search of your ideal environment. You may tend to repeat previous patterns learned in early life, which would be better avoided in the adult setting. You could perhaps suffer a loss of family, or part of your family connection, leading to potentially painful realizations. These realizations may in turn lead you to a more depersonalized and spiritual basis for the concept of family life.

•  The following applies to your generation as a whole as well as to you personally:
Neptune in Scorpio (or the eighth house) gives an individual with great personal magnetism. You have a subtle intuition and an unusually clear insight into the motivations of others. You also may unconsciously try to control other people, or you could be somewhat unreliable. Otherworldly affairs may interest you more than everyday ones. You are likely to be interested in psychic matters or occult studies, and should beware of glamorizing such studies for the sake of your own ego. You may have a love of sensual pleasures or luxuries. You may have some confusion regarding sexuality or with what is truly desired from relationships. You benefit from applying greater clarity to your personal values, your relation to the material world and other people.

Venus in Pisces (8 Pisces 13)
Venus in the Seventh House

Venus in Pisces gives a love nature that is subtle and refined, and willing to sacrifice itself. You are romantic and emotional. You are also very sensitive, and are likely to be wounded by your understanding of love. You are poetical and musical, and can be extremely psychic. You are always ready to take sides with the underdog. You are socially adept, and easy-going, but you tend to be lacking in strength of character. You benefit from learning discrimination in the gift your affections.

Venus in the Seventh House represents a strongly felt connection to partnerships with others. Relationships are important to you. You are also inclined to be "young at heart". You feel at your best when acting in concert with another person, especially an intimate partner. Then your natural gifts of grace, diplomacy and charm come to the fore. What is nice on your own becomes really nice with another. You have a gentle nature, very considerate and kind. You also have refined aesthetic and artistic sensibilities, and a keen sense of color. One profession, of many that you excel in, would be in the area of legal work.

Moon in Taurus (11 Taurus 08 40)
Moon in the Ninth House

The Moon in Taurus gives a personality with a deep need for security, centered in the material world. You are possessed of powerful emotions, and you are also charming, good-natured, and attractive. The material world can be of importance to you, for it makes you feel comfortable to be in nice surroundings. You are also very practical, proud and stubborn, and should beware of acting conceited. You are likely to attract a loyal and loving partner.

The Moon in the Ninth House represents an emotional sensitivity in the area of higher ideals and visionary philosophy. You may be something of a dreamer and tend to romanticize your emotions. Your philosophy is based on your feelings and sensitivity to your ideals regarding the superconscious realms. You constantly study your experiences to redefine your own philosophy about life, which may be the basis for your own vision of religion. Your philosophical attitude may seem difficult for other people to understand.

You may suffer from a utopian ideal of wanting to feel good all of the time, which can cause you suffering. You tend to be a dreamer yet your dreams may reflect truths about
reality when you are in tune to your higher awareness of consciousness. You love travel and are likely to take many journeys. You are constantly trying to maintain your ideal emotional state of being. You are a natural teacher. You have a strong need to share your philosophy of life with other people. In this way, you can share your refined imaginative and creative insights and show others how to refine their inner visions along with you.

Sun in Pisces (17 Pisces 07 12)
Sun in the Seventh House

The Sun represents will and purpose, the sense of vitality, and the evolving higher Self. In Pisces it is Mutable-Water, and rules the feet. Your ruling planet is Neptune, also Jupiter. You are friendly and likable, yet also can be very moody and introspective, and not entirely at home in the world. Pisces is a watery sign, concerned with subtle emotions and secret mystical depths. You are dreamy and full of imagination, and are easily influenced by everything around you. You also have an artistic temperament with which to express these feelings. You can be strong when necessary, but you may have a hard time making a decision. At your best you are truly compassionate, and operate at the level of service, love and understanding of mankind.

The Sun in the Seventh House represents a concentration of one's vital force to relate with others intimately. You gravitate towards others who reflect your deeper self. You are very aware of the other as a mirror for your own selfhood. You keenly feel the need for an intimate partner to flesh out your unconscious areas of self. You have an intuitive sense of what partnership requires. You strive to become more aware of the inner needs of two people relating with one another on a committed basis and you enjoy developing the exchange of interpersonal expression and joint efforts. You sense yourself as part of a unit rather than merely an isolated ego. You may alternate between losing your sense of self from within relationship to finding your sense of identity and power as an individual striving to gain understanding of yourself as compared to another. You will benefit from being social and from being involved with others on an interpersonal level to explore your own nature.

Saturn in Pisces (8 Pisces 45)
Saturn in the Seventh House

Saturn in the Seventh House (or sign) gives a pleasant personality with a deepening or concentration of the power to relate to others. You are easy to get along with, and you usually do well in the areas of partnerships and business relationships. You are possessed of good judgment, diplomacy and tact. You are outer-directed. You are self-reliant and may experience a sense of isolation. You may find sorrow or difficulty in marriage, and yet rise above this circumstance, which can become an opportunity for inner integration and balancing. Your lesson is to make better use of relationship as a vehicle for self-discipline and to further your growth as an individual.

- The following applies to your generation as a whole as well as to you personally:
Saturn in Pisces (or the twelfth house) gives a serious and self-conscious personality. You can be moody and introspective, and are compassionate and sympathetic to the problems of others. You may feel that life is too hard, or that it is beyond your conscious control. You can suffer from trying circumstances such as imprisonment either real or imagined, or you may have a strong sense of guilt, which may be generalized rather than specific. You tend to withdraw from the world, or in some way give up control. On the other hand, you may overcompensate by trying too hard to achieve control. Your true path lies in mystical self-sacrifice rather than in the more mundane life of worldly events. You possess in concentrated form the urge for spiritual evolution that is present in all of us, and which requires detachment from the personal self in the quest for mystic union with all mankind.

Uranus in Virgo (12 Virgo 37R)
Uranus in the First House

Uranus in the First House (or sign) gives an individual with an original and eccentric mind, whose intuition is strong. Change and variety excite you. You are a nonconformist, and totally have your own code of ethics. You are constantly asserting your freedom and independence, which is the very breath of life for you. The Uranian energy can be impulsive, as well as insensitive to others’ needs, and you can appear to be cold at times, or you may seem to be more excited by ideas than by other people.

You may feel unrest and isolation, as though on a separate wavelength from the rest of mankind. Your mutability and urge for constant change can frustrate or confuse those around you. You may also feel uneasy in your sense of self, as you attempt to come to terms with this basic instability. You benefit from more balance in applying your energy, and an awareness that everyone is not as impulsive as you are. You are a free spirit, courageous and pioneering, whose mission in life is involved with bringing new ideas into being.

- The following applies to your generation as a whole as well as to you personally:

Uranus in Virgo (or the sixth house) gives an individual with a clever and enthusiastic mind, original in thought and action and not comfortable with routine. You are likely to have a scientific and analytical mentality. You can also be impatient with others, or lacking in sympathy for their concerns. You like to change jobs, and you can be a hard worker, if allowed the freedom to work as you feel motivated. You may have to struggle with organizational elements at the expense of performance. You may have health problems, since the Uranian energy is fitful in its application. You also may experience difficulty with keeping things in order, but this can be overcome through persistence.

You are likely to be interested in new-age healing techniques. You benefit from transforming your original creative impulse into a more long-lasting and concrete result through concentration and technique.

Pluto in Virgo (14 Virgo 58R)
Pluto in the First House
Pluto in the First House (or sign) gives a personality with a tremendous drive for self-transformation. You can be timid or unsure of yourself, but there is the potential for sudden bursts of anger due to repressed emotions finally exploding. You may have feelings of insecurity which are compensated for by being overly forceful. You can be compulsive, or obsessive in achieving your will. This tendency must be overcome or modified in some way. Your challenge is movement away from feelings of insecurity and resulting separateness and loneliness, toward an acceptance of other's needs and opinions in order to generate a new and better sense of self. In positive manifestation, you have a dedication to higher ideals and a willingness to be a channel for healing yourself and society.

- The following applies to your generation as a whole as well as to you personally:

Pluto in Virgo (or the sixth house) gives a personality with a compulsion to be of service to other people. This compulsion can take the form of activities which are intended to be helpful, but which may not truly be appreciated by the intended beneficiaries. You could also be obsessive regarding health issues, or regarding organizational detail, which is intended to purify the particular activity, but which can become an end in itself. There is a need for transformation in these areas, in order to learn how to be of actual service to yourself and others, such as a career in the helping professions, or working on your own issues in such a way as to regenerate your values and life direction.

Mars in Virgo (19 Virgo 22R)
Mars in the Second House

Mars in the Second House (or sign) gives a persistent and patient nature. You can be extremely stubborn. You can also be jealous and possessive. Money is important to you and you have an need for security. You possess an enthusiasm for the pursuit of sensual pleasures. You may find that you have a desire for luxuries, but lack the conservative attitude toward finances, which would help to secure them. If Mars is afflicted in your chart by planetary aspect, you may find that you need to work through pride and acquisitiveness in your nature, or there could be problems with possessiveness, or even resentments towards others. You have an artistic flair to your nature, and function well in the realm of the material and tangible world. You benefit from cultivating an attitude of sharing.

Mars in Virgo (or the sixth house) gives a kind nature, usually an energetic worker, with a tendency to be fussy over details. You possess a tremendous desire to be helpful to others, and are practical and hard working, but perhaps "cannot see the forest for the trees" and need to work through getting into conflicts over trifles. You may tend to be too narrow in the application of effort. You must learn to get past the inconsequentials in order to look at the bigger picture.

Angular Planets

- Moon in Taurus (11 Taurus 08 40) in the Ninth House
• Jupiter in Taurus (21 Taurus 04) in the Tenth House

• Neptune in Scorpio (19 Scorpio 56R) in the Fourth House

❖ Sun, Moon, Rising Sign Features

• Sun in Pisces (17 Pisces 07 12) in the Seventh House

❖ Sun in strong opposition (within 2.2 degrees) with Mars

_The planetary energies are polarized; outer events stimulate their interaction; integration is the challenge._

This aspect gives a rash personality with a quick temper. You lack patience and tend to be argumentative. You are restless and have a forceful drive, which can lead you to accomplish great things, if properly harnessed. You are excitable, and tend to run risks. You can be opinionated. You are likely to be hard to talk with at times, since you take your own position at the expense of other's. You mean well, but it may not turn out that way in the event. You need to temper your strong physical drive with calmness and judgment.

❖ Sun in strong trine (within 2.8 degrees) with Neptune

_The planetary energies flow smoothly; the connection is easy and beneficial._

This aspect gives a highly sensitive, visionary and creative individual. You are somewhat unworldly, and you are likely to be artistic or musical. You may be open to mysticism or the exploration of other dimensions through psychic perceptions. You are the softhearted type, and may be even too willing to sacrifice yourself for the good of others. Extremely aware of your surroundings, you may take on different qualities with different groups of people, or there could be difficulties with your motivation. Once these difficulties are overcome, tremendous creativity is possible, perhaps through artistic channels: music, drama, and poetry. You may also find your life’s calling in the helping professions, for your compassion is strong. Your aim is to achieve a balance between the spiritual dimension of reality and ordinary life.

❖ Sun in strong opposition (within 2.2 degrees) with Pluto

_The planetary energies are polarized; outer events stimulate their interaction; integration is the challenge._

This aspect gives a willful personality with a focus on being recognized and admired. You like to get your way; you have strong desires, and are single-minded about pursuing them. You also have a powerful urge toward self-transformation, and you may go through many changes in your life. You are not shy about expressing your beliefs, and you may even feel a compulsion toward self-assertion or self-aggrandizement. You also tend to champion the underdog, and react strongly to social injustice. In relationships, you tend to become intensely involved quickly, and stay absorbed in the relationship as long as it lasts. There may be underlying feelings of insecurity leading to your rather self-centered and ego oriented behavior. These feelings must be explored more consciously, or else
they will continue to haunt you from beneath your level of awareness. Such an
exploration can be incredibly rewarding for you, and should be quite possible, for you
have tremendous powers of regeneration and rebirth. When you learn to train your
considerable energy on these socially oriented as well as personal goals, you can
become a focal point for the transformation of society itself.

❖ Sun in strong conjunction (within 1.1 degrees) with Chiron

The strongest blend of the energies represented by these two planets.

With this aspect between Sun and Chiron you are likely to experience painful realizations
throughout your own life and also have the ability to heal others as well. Chiron is called
"the wounded healer" because it represents the archetype of imperfection and loss which
when integrated leads to compassion and understanding of others' suffering. The
empathy and the understanding that are gained through life's trials provides the ability to
serve as a helper and a healer for others. You are more invested in this archetype than
most, since it is in a powerful connection with your Sun, representing your conscious self.

You have undoubtedly experienced pain and frustration related to your self-concept,
perhaps through your relationship with your father or the same-sex parent. There could
have been trauma in your early years concerning your parenting or the parental
protection, which may have been withdrawn too suddenly or misapplied. You may have
suffered actual abuse in childhood or perhaps in later years such as in the period of
adolescence, when you needed to make the transition to your own adulthood and may
have been prevented from fully emerging into a more responsible and complete state due
to external circumstances or your own lack or self-confidence. Since you have come
through the fires of difficulty you are likely to be someone with career possibilities in the
helping professions. It is often easier to face others' troubles than one's own, and you
may even be more ready and available to help others than to help yourself. It is good to
integrate your past experiences, no matter how painful they may have been, and no
matter how painful these feelings continue to be for you in adult life. Then you will be in a
position to truly sympathize with others' suffering and help them to work out their traumas
as well.

❖ Sun in sextile (within 6.0 degrees) with Moon

The planetary energies flow together, open into new possibilities, new connections.

This aspect gives a well-adjusted and stable personality. You proceed with confidence
and a sense of well being to accomplish what you set out to do. You are healthy,
optimistic and popular, and look upon life's problems as challenges to be overcome,
rather than as obstacles. You have experienced your parents as harmoniously related,
and in your own relationships you expect sound communication and mutual
understanding. Your family is important to you. You are poised and cheerful, and your
creativity flows freely. You should beware of being too complacent or lazy about tackling
problem areas in your life.

❖ Sun in sextile (within 3.9 degrees) with Jupiter

The planetary energies flow together, open into new possibilities, new connections.
This aspect gives an optimistic and generous individual, with good spirits and abundant energy. You are quietly spiritual in your approach to life. You also have good executive abilities, and make a capable leader. You are fortunate materially, and have simple tastes, so that your wants are few and easily satisfied. Good fortune follows you through life.

❖ Sun in opposition (within 4.5 degrees) with Uranus

*The planetary energies are polarized; outer events stimulate their interaction; integration is the challenge.*

This aspect gives an eccentric and strong-willed individual. You can be determined to get your own way, and love freedom from conventionality. You are inclined to be reckless, and may periodically start over in your life, completely eliminating previous foundations. You are likely to rebel against the norm, or conflict with others in this area. Because you are unpredictable at times, it can be hard for others to be comfortable with you. You are an original and independent thinker with an active, scientific mind, futuristic in outlook, and are capable of bringing new ideas into being. You are also inclined to be nervous and impatient, and shy away from commitment and responsibility. You can benefit from trying to control your energetic and visionary impulses in order to make these more concretely available in your own life, and in the life of society around you.

❖ Sun in sextile (within 5.4 degrees) with Midheaven

*The planetary energies flow together, open into new possibilities, new connections.*

This aspect gives a strong personality, very involved in work and career. You can be autocratic and may appear selfish, or bent on getting your own way. You have tremendous drive, and will likely go far, but you should beware of too much ego-involvement in being on top.

• Moon in Taurus (11 Taurus 08 40) in the Ninth House

❖ Moon in strong sextile (within 2.9 degrees) with Venus

*The planetary energies flow together, open into new possibilities, new connections.*

This aspect gives a calm and steady emotional nature, with a refined and artistic sensibility. You are habitually cheerful and are likely to be happiest in your home and family. You possess a great deal of personal charm, and also have a love for the arts, especially music and dance. You are courteous and popular, and supportive to your friends. It is important for you that your home environment be aesthetically pleasing.

❖ Moon in strong sextile (within 2.4 degrees) with Saturn

*The planetary energies flow together, open into new possibilities, new connections.*

This aspect gives a deepening and concentrating in the expression of your feelings. Usually there is caution and reserve in your make-up, along with a good sense of the
practicalities of life. You may be extremely sensitive. You may have had a strict upbringing. The parental figures, in your life, especially your mother, may have been experienced as rejecting or uncaring. You may experience some difficulties in your relationship to the feminine. You may also benefit from relationships with powerful feminine figures, symbolic of the powerful feelings, which need fuller expression in your own nature. The lesson for you here is to understand and value the true roots of your being more fully and deeply, leading to a better sense of security and greater self-acceptance.

❖ Moon in strong trine (within 1.5 degrees) with Uranus

*The planetary energies flow smoothly; the connection is easy and beneficial.*

This aspect gives an unique individual with an energetic personality, and with a strong sense of intuition. Novelty excites you. You like to explore new horizons. You enjoy meeting people and have an enthusiasm that is appealing. Your early home life was probably very stimulating and challenging. You may be interested in studying occult realms of thought. You are able to benefit from fundamental transformations of identity in your life, and are quick to take advantage of new opportunities. You are very original and individualistic and may have difficulties in settling down with a steady partner. You can benefit from learning to balance your needs for security with the urge for freedom and experimentation.

❖ Moon in semi-square (within 1.6 degrees) with Mercury

*The planetary energies conflict in determined subtle tension; calmness is required.*

This aspect gives a brilliant mind with a sharp tongue and a witty personality. You are an independent thinker. You can be sensitive at times, and you may find yourself overly concerned with health issues. You may appear to have the attitude of the reformer toward your fellow-man, because you have a tendency to let your emotions run away with your thoughts. You should beware of a tendency to indulge in gossip at times, or to speak disparagingly of other people. However you make a loyal ally and will fly to the defense of a friend.

❖ Moon in trine (within 3.8 degrees) with Pluto

*The planetary energies flow smoothly; the connection is easy and beneficial.*

This aspect gives a moody and introspective personality with a strong desire for emotional security. You are likely to be very sensitive and emotionally extreme, with a tendency to become completely absorbed in interpersonal relationships. You are also an extremely forceful individual, with the urge to transform yourself and your surroundings. When you have a goal in mind, nothing will stand in your way. Your need for security may manifest as an almost compulsive desire for a safe and secure home life, or a home environment that can be completely controlled, possibly even through dictatorial behavior. You have an unusually clear insight into the emotional depths of other people, which may border on an actual psychic attunement with their states of being. You also have the urge to break through the limitations of the parental influence you experienced as a child. You may have experienced controlling behavior on the part of one or both parents, especially your mother, and you may find yourself still involved in the battle for your own autonomy many years later. These struggles can be worked through in your
life, beginning with a deeper understanding of what it is you truly need on an emotional level. Your challenge is to transform your sense of insecurity, by coming to terms with your survival issues based on a better insight into your own hidden motivations.

- The ruler of your Sun Sign is Neptune in Scorpio (19 Scorpio 56R) Angular planet - conjunct Nadir

★ Leo Rising

The Rising Sign is the mask shown to others, also the physical appearance.

Leo Rising people are dramatic, extroverted and assertive. Your ruling planet is the Sun. You have great energy, courage and honesty, and are very creative, self-confident and perhaps a bit self-indulgent. You expect to be the center of attention, and often are. Even so, people forgive you for your excesses, sensing in you the incurable romantic. You are likely to have a leonine appearance, with a thick mane of hair and a dramatic flair to your clothing and appearance. You also enjoy the warmth of the physical sun. You are determined and usually get your way when you really want to. You also possess great integrity, and are a natural leader. Leo people are very proud, and your challenge is not to be arrogant or egotistical, but rather to develop humility and compassion, and to learn detachment in the gift of your affections.

❖ Mercury in inconjunct (within 1.2 degrees) with Ascendant

The planetary energies do not flow smoothly, one or the other predominates; discrimination must be employed.

This conjunction gives a person who values mental pursuits and communication highly. You have a need to connect with other people. Your attention is so much on communicating with others you may constantly worry about how you are coming across, and this may interfere with good communication with other people. You are quick-witted and glib, and may also be nervous and high-strung. You should beware of a tendency to dominate any conversation you enter into. Your pride in your mental abilities and education may overshadow your ability to hear other people's ideas. You can therefore be stubborn and difficult to shake from your own opinion. You are in essence an independent thinker with your own way of looking at things, and you may be inspired and even visionary in your outlook.

❖ Moon in weak trine (within 12.2 degrees) with Ascendant

The planetary energies flow smoothly; the connection is easy and beneficial.

This aspect between the Moon and Ascendant gives a nurturing and protective personality. You are subtle in your actions, rather than direct, and are likely to reflect the moods of those around you. Security and your home are important to you. You have a habit of moodiness, with your emotions frequently changing, and are also drawn to seeking emotional contact with others. You tend to relate well emotionally with other
people. You also may find yourself reacting instinctually rather than consciously to a
given situation, and you can therefore benefit from shedding the light of conscious reason
on your habitual patterns, and working toward greater focus on your true individual
goals.

❖ Other Planets

Mercury in Pisces (27 Pisces 45)
Mercury in the Eighth House

Mercury in Pisces gives a refined and visionary mentality. With this placement, you
may well have musical ability. You are likely to be poetic in the expression of your
thoughts and feelings, and you may be rather absent-minded at times. Mundane reality
doesn't interest you. You may avoid dealing with it by being evasive or vague in your
communication with others, as well as inspired and visionary. You may daydream or fall
prey to self-deception. You are highly sensitive in your reaction to your surroundings,
reacting from the unconscious and instinctual level of your mental function rather than
the logical level. Your feelings can be easily hurt, and you should guard against
resentment toward others for taking advantage of your idealistic nature.

Mercury in the Eighth House represents a strong mental connection between one's
inner awareness and one's own darkest or hidden realms of being. Your mental and
observational powers are strong and your thoughts run deep. You have a deep-seated
urge to communicate and connect with other people in more than superficial ways. You
are intrigued by mysteries about others, and regarding yourself as well. Your will is
strong, and you have a passion for discovering the truth behind surface appearances.
Your penetrating intellect will plumb the depths of any subject. You may not immediately
express your ideas however. You may choose to express your opinions when you
decide that the time is right, and can thus appear to be secretive. You may appear to be
quiet and almost passive, but you are an acute observer of the world around.
Chiron in Pisces (18 Pisces 14)
Chiron in the Seventh House

Chiron in the Seventh House (or sign) represents issues with one’s vital force to relate with others intimately. With this placement, you have both a tremendous desire to connect with other people, as well as frustrations that have arisen in this area. Your attempts to connect may have been frustrated through experiences of early childhood, when you wanted contact with others but were rejected or somehow prevented from establishing meaningful relationships with them. As a consequence you have been focused on establishing such a connection ever since. It becomes extremely important to establish a connection with another person, yet this contact, so desired and even longed or, can also be extremely painful. Any partial rejection can be seen as a revisiting of your earlier pain surrounding issues of relationship to other people. As time goes on, there may even be some element of self-sabotage involved in your relationship experience.

You may also become compulsively attached to the idea of close personal involvement, seeing yourself as more of a part of a desired union than as an isolated ego, “on your own”. Yet your very wholeness does also depend on being able to stand independently, so that there is an element of dysfunction in the way you deal with interpersonal relationships. Your path to healing these issues may be to become more fully conscious of the earlier wounding that you have experienced, enabling you to finally move through that pain toward a less fear-based way of relating, without the self-undoing or the extreme sensitivity that may have been unconsciously present. You may also find that you are able to take the conscious knowledge you have gained through this process further by helping other people deal with these same issues, either through work in the helping professions, or just with friends and loved ones in the course of your daily life. As you grow more sure of yourself, this area of interpersonal relationships, while still very important to you, can become a great source of strength for yourself and for others as well.

- The following applies to your generation as a whole as well as to you personally:

Chiron in Pisces (or the Twelfth House) represents issues with one’s vital force to be at home in the world of physical manifestation. You may feel frustrated and alienated from rest of mankind, or more at home in a world of fantasy than in dealing with what is laughably called “the real world”. You have a talent for that which is beyond this world, and can make your mark on it in your own particular fashion, which may perhaps be achieved in the worlds of music, or poetry, or as a seeker for higher truth. But these are ways of being in the world without actually participating in it. Possibly there were painful episodes from early childhood that drove you into a world of your own, but you have come to be quite at home in this world, and the issue for you is coming out with style and dignity, rather than by totally abandoning your inner cosmos. Again and again, you attempt to be a part of it all, just like everyone else, and again and again it just doesn’t quite work. There may be many painful episodes before you realize that what is “for everyone” out there is just not for you at all. You may do work with other people, in helping them to be peaceful and comfortable in connecting their own lives to a higher truth, without ever really getting it yourself. Of course one is tempted to blame oneself for this sort of failure to connect. There are deep emotions associated with withdrawal from the world that must be examined if you are to begin to operate from a feeling of wholeness and truly make your own way. There is a part of yourself that has been
carefully hidden away, defended from the pressures of consensus reality, and it may take a lot of work to get in touch with these dark places. It may be that you come to a sense of peace with your darker, more hidden self only after a long period of soul-searching. When you begin to make your way on this process of integration, then you find that there really is a way to be a part of the world at large, to participate and share in its wonders and its disasters too, without giving anything up. It is not easy to make this transformation, but it is vital to your emotional health and well being, and makes it possible for you to reach out to others as well, who may be fumbling towards a similar apotheosis.

**N Node in Gemini (18 Gem 13R)**

**N Node in the Tenth House**

**Lunar North Node in the Tenth House** (or sign) / South Node in the fourth house or sign. This placement gives a personality with a focus on recognized achievement. Although you are comfortable in your private home life, which is comes naturally to you, you are determined, as you mature, to move beyond the personal and safe enclosure of your home and family and into the sphere of public achievement. Something out there is calling you to come forth and shine your light so that the world can see it.

**Lunar North Node in Gemini** (or the third house) / South Node in the ninth house or sign. With this placement you have unusually clear and direct communication skills. You are interested in the practical application of knowledge, in helping to bring people together, rather than knowledge simply for the sake of it. In the past, or in past lifetimes, you got far into solitary philosophical concerns. Perhaps religious values were quite important to you. Now your focus is on a more mundane or worldly view, where higher knowledge counts, but only in so far as it is useful in the analysis of day-to-day events and in order to spread the word to others regarding practical life. Although you may be tempted at times to drift off into deeper reflections, your real goal is to be in touch with people, and your mental abilities serve your purpose well.

❖❖❖❖

Mars in strong opposition (within 1.1 degrees) with Chiron

*The planetary energies are polarized; outer events stimulate their interaction; integration is the challenge.*

With this aspect you have issues around expressing anger, as well as exerting personal will versus knuckling under to authority. You have enormous energy and endurance at your disposal, although you may appear timid or unsure of yourself, since your power urge is likely to be repressed. It may be that you have had many painful experiences with violence, or potential violence, on the part of someone close to you, perhaps in your early childhood. As a result of these experiences, you may fear the power of your own anger, and seek to placate your opponent in situations where a direct confrontation seems to be brewing. This aspect is the hallmark of a "passive-aggressive" attitude, in which there is hidden aggression under-expressed, rather than any form of direct attack. In fact, it is said that those with this aspect are often very good at eliciting angry behavior from others, while their own hands stay clean. This is because those people you come into close contact with may become the projection point for your own hidden violent feelings that you are failing to directly express yourself. It is often the case that the powerful emotions associated with this aspect hover below the level of conscious awareness in your psyche. As you become more aware of these patterns, you will less and less need to act them out either suppressed with passivity, or with bluster. Another manifestation of this aspect, perhaps paradoxically, is the ability to lead and be willful, to not take "no for
an answer", to be ruthless in accomplishing one’s aims. The willful energy of Mars is
given a creative boost by Chiron, both in terms of suffering and in a better-integrated
personality, in terms of conquest. A still better level of integration produces the self-
assured and powerful personality who does not depend on others either to express his or
her own desires, nor to be crushed by them.

sympathy in order for your work to be satisfying to you. You tend to work behind the

what you do because it is helpful to others. You are capable of great belief in the
unknown and unproven, and are inclined to the mystical, seeing life in terms of visionary
and poetic feelings, rather than in practical terms. You may be even too much inclined to
trust your imagination, which can cloud your powers of judgment. You benefit from
attempting a more practical and reality-based view of life.

to be around. You have possibilities for a career in travel or education, or perhaps in a
spiritual context. You may have to beware of too much self-satisfaction however, and

depths and back again in your life. You have a particularly strong access to the world of
dreams and inner fantasy, which may serve as an escape valve for you. You may also be
extremely sensitive to the psyches of others, may vicariously experience their pain.

Something keeps you out of touch with consensus reality, but you also are not
comfortable with this role. It is as if you stand on the other side of a glass door from the
rest of society, through which you alternately gaze longingly and then lose interest and
wander away into your own fantasy. You are capable of tremendous spiritual powers
once you have begun to work through these difficulties and establish a better sense of
where you stand vis a vis the remainder of society. You may exhibit great poetic or
musical talent or the empathy of a born healer. Having come through a painful
examination of your own psyche you are able to see more clearly and compassionately
into the minds of others also.

You also may have been wounded in your spirituality in some way; perhaps in your early life you were forced into relationship with some sort of spiritual community to which you did not feel a connection. These two planetary energies, Jupiter and Chiron, both have a strong spiritual component, but operate in different ways. With Jupiter's optimism in support of Chiron's tendency for pain and suffering as a way toward the light, you are always able to rise above distressing circumstances, buoyed up by a strong streak of faith in the ultimate beneficence of Spirit. In fact, positive outlooks can become something of an obsession with you, so that friends and associates get tired of your unflagging optimism even though you are such a helpful companion. You have an abiding interest in matters of the religion and philosophy, although this is likely to represent your own style of spiritual involvement rather than any standard form of spiritual institutions.

You also may alternate between too great an attachment to social approval and authority and too violent a rebellion against it, or refuse to be argued out of your opinion, which can be unique unto yourself. You may have a strong desire to move on to new ideas, yet refuse to let go of conventional attitudes that stand in the way. Your challenge is to move from a knee-jerk reaction against established authority or in favor of it, toward establishing your own personal authority, in your own way, and to help make your brilliant visionary impulses available to society at large.

You may appear timid or unsure of yourself, since the power urge is commonly repressed, but then there is the potential for sudden bursts of anger due to the repressed emotion finally exploding to the surface. You may also have feelings of insecurity which are compensated for by being overly forceful, acting compulsively or even becoming obsessive about achieving your will. In a more positive manifestation, you can exhibit a dedication to higher ideals and a willingness to be a channel for healing yourself and society. The challenge is movement away from feelings of insecurity and resulting separateness and loneliness, toward a better acceptance of other's needs and opinions in order to generate wholeness, forgiveness towards self and others, and a new and better sense of self-worth.

You work well in the area of interpersonal relationships, although you should beware of a tendency to dominate others. ❖ Saturn in weak opposition (within 6.2 degrees) with Pluto

_The planetary energies are polarized; outer events stimulate their interaction; integration is the challenge._

This aspect gives a forceful personality with a focus on issues of authority, power and control. You may have the charismatic personal magnetism of a natural leader. It is also possible that occult studies will attract and fascinate you. You may also have a compulsion for control leading to problems with interpersonal relations or demonstrate rebellious attitudes toward established authority. You may seek a position of authority, if for no other reason than to be your own master. There are however likely to be difficulties inherent in maintaining such a position of authority, once achieved. This can work to your ultimate advantage, since the security of such a position can be a hindrance to necessary growth and transformation. What is needed is a re-evaluation and transformation of the
urge for power and control, based on a deeper understanding of and more conscious and socially responsible use of personal power.

❖ • Uranius in weak opposition (within 5.6 degrees) with Chiron

_The planetary energies are polarized; outer events stimulate their interaction; integration is the challenge._

With this aspect, you are prone to sudden insights and departures. You have a unique combination of personality traits in which you are both very unconventional yet also somewhat unsure of yourself in your very departure from the rest of society, so that you may surprisingly show flashes of a conservative side. You have a brilliant mind, and are undoubtedly a witty conversationalist, although with a slightly erratic tendency to switch topics arbitrarily. This aspect is the hallmark of an inventor or other type of creative thinker, perhaps in the health fields or the helping professions. You are likely to have great difficulties with walking the straight and narrow but something seems to be forcing you to. Or it is a compulsion based on your own painful experiences with authority. It is important to become more conscious of your hidden motivations and patterns, so as not to be ruled by them from below, as it were.

❖ • Pluto in weak trine (within 7.5 degrees) with Midheaven

_The planetary energies flow smoothly; the connection is easy and beneficial._

This combination gives a forceful personality with a focus on issues of authority, power and control. There may in fact be a compulsion for control manifesting in problems with interpersonal relations or in rebellious attitudes toward established authority, or perhaps in the charismatic personal magnetism of the natural leader. ❖ • Chiron in weak sextile (within 4.3 degrees) with Midheaven

_The planetary energies flow together, open into new possibilities, new connections._

With this aspect of Chiron and your Midheaven, you likely have issues around exerting personal will versus knuckling under to authority. You have enormous energy and endurance at your disposal, although you may appear timid or unsure of yourself, since your power urge is likely to be repressed. It may be that you have had many painful experiences with authority. As a result of these experiences, you may fear the
expression of your own personal power, and alternate between complying with the standards of society around you, or rebelling against them. You may avoid situations where a direct confrontation seems to be brewing. You also may feel more empowered in helping others than in getting your own act together, and this aspect can be the sign of someone with a career in the helping professions, perhaps involved with new age healing. It is often the case that the powerful emotions associated with this aspect hover below the level of conscious awareness in your psyche. As you become more aware of these patterns, you will less and less need to act them out either suppressed with passivity, or with bluster. Another manifestation of this aspect, perhaps paradoxically, is the ability to lead and be willful, to not take "no for an answer", to be ruthless in accomplishing one's aims. A better level of integration produces a newly self-assured personality. You would not need to depend on others either to fully express your own desires, nor need you be swayed by theirs. When you have integrated the walled-off places in your psyche that inhibit action on the part of your whole entire self, you are available to yourself in situations of leadership, as well as in truly helping other people.
