

**OSTRICH CONSULTATION
IN THE CULTURE OF SNOWMEN**

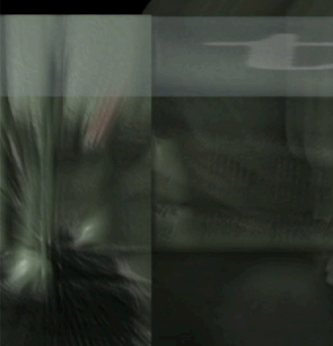

a video poem
by Thylias Moss

**stills from the Limited Fork Poetics
simultaneity studies video series**

thyliasm@umich.edu

A dark, grainy photograph showing a person in a snowy, industrial environment. The person is wearing a dark jacket and a hat, and is standing in a narrow, brightly lit corridor. The walls are made of metal panels, and there are some pipes and lights visible. The overall atmosphere is cold and desolate.

They are frozen manna men ex
to earth that way; famine reli
fully, a grain shot to pieces so
now, a sacred short life respe
way that can separate snow.
