

You are looking for the file: carlos_martinez_VenezSpeaks_test.pdf

This pre-publication PDF was kindly made available by the authors of

"VENEZUELA SPEAKS"

for the students of Tom O'Donnell's "Latin American Development" course at The New School University in NYC, and some of the authors later spoke with the class. I have since removed the link.

The book, with its many interviews with activists in Venezuela is excellent, and I recommend you purchase a copy on Amazon or at your local bookstore.

Best, Tom O'D.
