MATH 116 - 102
Calculus II
Will Drobny
1836 East Hall
wndrobny@umich.edu

Text: *Calculus* by Hughes-Hallet, et al., published by John Wiley and Sons

Prerequisites: Math 115 (Calculus I) or equivalent. Chapters 1-5 of the text.

Office Hours: Tuesday-Friday, 12-1 East Hall 1836 or by appointment

Calculator: TI-84 or equivalent. You are responsible for knowing how to use it; however, I can teach you how in office hours. Bring your calculator to class each day and to both exams.

Website: www-personal.umich.edu/~wndrobny/S12 (under construction)

Grading policy: Grades will be derived from scores on daily web homework, weekly quizzes, and two exams in the following proportions: 5% webwork, 20% quizzes, 35% midterm, 40% final. Details on the web homework can be found below. Quizzes will be held weekly on Tuesdays. There will be no make ups given for missed quizzes; however, your lowest quiz grade will be dropped. Tuesday, May 29 from 1-3pm in Dennison 170. The final exam will be Thursday, June 21 from 10:30-12:30. The final exam is cumulative. **There will be a 1/3 of a letter grade deduction if you do not pass the gateway.**

Gateway: There will be a seven question gateway exam for this class covering the integration techniques learned in chapter 6. It will be open from May 10 to May 24. You may take it up to twice each day the lab is open. If you do not pass (6/7 or better) the gateway by the deadline, you will lose 1/3 of a letter grade (ie B- to C+) off your final grade.

Web homework: There will be daily webwork assignments for each section of the material covered. Each assignment will be open for (about) 5 days and is due each Sunday and Wednesday at 11pm. Webwork can be accessed at https://instruct.math.lsa.umich.edu/webwork2/ma116-102-s12/

Key Dates: Tuesday May 1   1st Day of Class
Tuesday May 29   Midterm Exam
Friday June 15   Last Day of Class
Thursday June 21   Final Exam

If you have a conflict with either exam date, please let me know AS SOON AS POSSIBLE!
