The National Science Foundation, and far-sighted private foundations know the value of quality public higher education. They are financing schools and programs, supporting scholarly research by world-class faculty, and endowing student scholarships at every college of The City University of New York. They are answering CUNY’s call for a Compact for Public Higher Education that unites all stakeholders — government, donors, students and the University itself to ensure that our city, state and nation will continue to have well-educated leaders. They are investing in CUNY, investing in New York, and investing in futures.”

— Chancellor Matthew Goldstein
