Welcome to iChat AV

The best way to IM is now even better. iChat AV introduces audio and video conferencing to keep in touch with friends, family, and colleagues around the world.

Your buddy list has been updated with video and audio status buttons so at a glance you know when your buddies are available. You are always just one click away from a video or audio conference.

With iChat AV, you can even see the other person full screen for the most direct and engaging video conference ever.

And iChat audio conferencing lets you have a real, two-way, crystal-clear quality conversation over the Internet.
